

FPUK85 EGRR 031600
Forecast for the UK.
Issued by the Met Office
at 1600 on Tuesday 3 May 2005

** Valid for Broadcasts Between 1800 and 0600 **

Headline:

Heavy, thundery showers clearing from north tonight. Mainly dry tomorrow.

This Evening and Tonight:

Staying mostly cloudy with showers, locally heavy and thundery, but becoming clearer and cool over Scotland and Northern Ireland.

Wednesday:

Cloud and patchy rain across southern Britain clearing away, with bright or sunny spells spreading from the north. Becoming cloudy and damp across northern Scotland.

Outlook for Thursday:

Cloud and patchy rain in the north will spread slowly south, preceded and followed by some sunshine.
