Here is the forecast for the United Kingdom for daytime tomorrow:
Locally heavy rain across most parts gradually clearing northeastwards, but perhaps lingering across some northeastern parts until the evening. Otherwise, then some bright spells developing, but locally heavy and squally showers also spreading northeastwards. Windy, with a risk of coastal gales.

Outlook for Saturday and Sunday:

Saturday, sunshine and locally heavy showers across northwestern parts. Thicker cloud and a band of showery rain moving northeastwards across southern and central England and Wales. Breezy, with coastal gales in the south. Sunday, generally a mix of sunny spells and some showers. However some more persistent rain could linger across southeastern areas until the afternoon.
