

Forecast For The United Kingdom  
Issued by Met Office Exeter  
at 1945 on Friday 01 Dec 2017

++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:  
It will be a largely cloudy day across the UK, particularly in the north and west with some light and patchy rain mainly over the hills. For many it will be a dry and bright day with some sunny spells, particularly in the east. Feeling less cold than recently.

Outlook for Sunday and Monday:  
It will remain rather cloudy through Sunday and Monday with plenty of dry and bright weather in many parts of the UK. Any spells of rain will be confined to north and western areas and over hills. Feeling less cold than recently.
