Here is the forecast for the United Kingdom for daytime tomorrow:  
Showers across Scotland and Northern Ireland, will become heavy and prolonged at times across western Scotland tonight and across other parts during Thursday. Rain across northern England, Wales and the Midlands, will spread southwards, clearing southeastern England later on Thursday morning. There will then be sunny spells and a few showers.

Outlook for Friday and Saturday:  
Scotland and Northern Ireland will have sunny spells and heavy showers on Friday, but further south it should be mainly dry and sunny. Cloud and outbreaks of rain will spread eastwards across southern parts on Saturday, with sunny spells and heavy showers further north.
