Air Quality Forecast for the UK

Issued by the Met Office

Today: Low levels of air pollution are forecast across the UK today, although isolated patches of Moderate air pollution are possible given light winds and high pressure.

Tomorrow: Air pollution levels are generally expected to remain Low into the weekend, but areas of Moderate air pollution are possible once again as settled conditions continue.

Outlook: Air pollution levels look to remain mostly Low across the UK. However, Moderate levels will occasionally continue as the generally settled conditions persist.
