++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:  
It will be a chilly start for many tomorrow, although a dry and bright one.  
Cloud will gradually thicken across the country giving sunny spells. A few  
showers are likely to develop over central and eastern areas during the  
afternoon, but in the sunshine and light winds it will feel pleasant.

Outlook for Friday and Saturday:

Staying largely dry in the south on Friday and Saturday with temperatures  
gradually rising too. Rain will push into northwestern parts of the UK during  
Friday, whilst on Saturday, Scotland and Northern Ireland see another wet day of  
showery outbreaks of rain.
