Here is the forecast for the United Kingdom for daytime tomorrow:
Tomorrow will be a wet and windy day across the UK, with some heavy bursts of rain at times. The rain will be on and off with some drier and brighter spells possible, but it'll feel chilly outside in the wind.

Outlook for Friday and Saturday:

As we head towards the weekend we'll see more unsettled weather on the way, as bands of rain push in at times. The winds will stay strong for some, especially in the south on Friday when severe gales are possible. There will be some bright spells at times, but it'll be feeling a bit colder.
