++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:  
Southern and eastern parts of England will have a day of sunshine and only isolated showers, with most places remaining dry. Elsewhere we can expect a mixture of bright or sunny intervals and showers, the showers becoming heavy and prolonged for a time across much of Scotland and Northern Ireland.

Outlook for Tuesday and Wednesday:  
Tuesday will be a cloudy and increasingly windy day with outbreaks of rain, although Scotland will also have some bright or sunny intervals. Wednesday will be windy with bright or sunny intervals and scattered blustery showers, some of which will be heavy.
