DEFRA (Ref: MO43) For Weather Forecast Planning Issued on Wednesday, 15 June 2022 at 05:28 Local time

Air Quality Forecast for the UK

Issued by the Met Office

Today: On Wednesday widespread areas of Moderate levels of air pollution are likely across much of England, as well as parts of eastern Wales. Low levels of air pollution expected elsewhere.

Tomorrow: During Thursday widespread areas of Moderate levels of air pollution will become more confined to southern and eastern areas of England with Low levels of air pollution elsewhere.

Outlook: On Friday similar conditions are likely with air pollution levels probably improving during Saturday although confidence for detail is low by the weekend.
