

Forecast For The United Kingdom
Issued by Met Office Exeter
at 0700 on Monday 01 Jun 2009

++ Valid for broadcast at 0858

Here is the forecast for the United Kingdom until dawn tomorrow:
Much of the country will have another dry and very warm day, with a good deal of sunshine. It will be cloudier in the north of Scotland with a scattering of showers. A few sharp showers may also crop up in the south of England. Most parts will be dry overnight with clear spells.

Outlook for Tuesday and Wednesday:
Most parts will be very warm again on Tuesday with some good sunny spells. It will be cooler and cloudier in Scotland though, with a few showers. This cooler and cloudier weather will spread into Northern England the Midlands and Northern Ireland on Wednesday.
