Here is the forecast for the United Kingdom for daytime tomorrow:  
Much of the UK will remain cloudy throughout the day on Tuesday, with hill fog and some patchy drizzle at times. It will be drier and brighter across northern Scotland with some sunny spells also possible. Rain then arrives in Northern Ireland and southwest England by the evening.

Outlook for Wednesday and Thursday:

On Wednesday patchy rain clears eastwards to be followed by bright or sunny spells and the odd shower in the southwest. It will likely be a foggy start on Thursday, with the fog lingering in parts of England and Wales all day. Otherwise, it will be mainly dry with some sunny spells.
