++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:  
It will be a rather unsettled day for most with scattered heavy showers, or longer spells of rain in the west. Brighter conditions are expected in the east, but there will be some heavy showers around too. Some more persistent rain arriving here later in the evening. Gusty southwesterly winds developing, despite this, temperatures reaching 19 Celsius in the southeast.

Outlook for Wednesday and Thursday:  
Remaining largely unsettled with showers or longer spells of rain on both days. The showers are likely to be heavy at times, with the risk of hail and thunder. Fairly breezy, though perhaps less so for a time on Thursday.
