DEFRA (Ref: MO43) For Weather Forecast Planning Issued on Sunday, 18 April 2021 at 05:49 local time

#### Air Quality Forecast for the UK

Issued by the Met Office

Today: Mainly Low levels of air pollution, but isolated pockets of Moderate are possible, mainly for the southwest of England and South Wales, but also for urban areas and roadside locations.

Tomorrow: Low levels expected around much of the country, but with isolated areas of Moderate, mainly for western UK and in some urban locations.

Outlook: Air pollution expected to be mainly Low. Areas of Moderate are forecast for southwest England, along with parts of Wales on Tuesday and Wednesday. Localised Moderate levels also possible around urban locations.
