DEFRA (Ref: MO43) For Weather Forecast Planning Issued on Sunday, 14 November 2021 at 05:55 local time

Air Quality Forecast for the UK

Issued by the Met Office

Today: Air pollution is expected to be Low on Sunday across the UK, with a generally northerly breeze for most.

Tomorrow: Air pollution is expected to remain Low on Monday, although winds are becoming light for parts of central and southern UK, with a slight chance of local patches of Moderate near pollution sources here.

Outlook: There is currently the expectation that air pollution levels will remain Low from Tuesday to Thursday, with generally stronger westerly or southwesterly winds.
