Here is the forecast for the United Kingdom for daytime tomorrow:  
Thursday will see a mix of sunshine and wintry showers, these most frequent in the west where'll there'll be some longer spells of rain, sleet and hill snow at times. The east will see the best of the sunshine. It will remain windy in the south with gales at times in the southwest, but winds will ease further north.

Outlook for Friday and Saturday:

Winds will turn more northerly on Friday with showers around windward coasts and plenty of sunshine inland. It will continue to feel cold for most. Winds will ease on Saturday, but it will become cloudier with some showery rain in places.
