Here is the forecast for the United Kingdom for daytime tomorrow:
It will be a generally cloudy day tomorrow, with most areas dry, although a little rain is likely near some coasts at times. Early morning fog in the south-west may be slow to clear again, and it will be another cold day for most, with light winds.

Outlook for Saturday and Sunday:

It'll stay mostly dry and settled through the weekend. There will be variable amounts of cloud, but increasing brighter spells will develop through Saturday with some prolonged spells of sunshine on Sunday. Winds will also begin to pick up a little in the west, and it'll stay fairly chilly.
