

FPUK85 EGRR 290400  
Forecast for the UK.  
Issued by the Met Office  
at 0400 on Wednesday 29 October 2003

\*\* Valid for Broadcasts Between 0600 and 1200 \*\*

Headline:

Rain or showers but also some drier, brighter spells.

Today:

Rain in eastern and some central areas slowly clearing, allowing drier and brighter weather to follow to many parts. A band of heavy, perhaps thundery showers will affect Northern Ireland, southwest England and other western areas.

Tonight:

Many places becoming dry but some rain reaching southwestern parts later. Gales possible in the southwest.

Outlook for Thursday:

Wet and windy weather spreading to many parts.
