++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:
Cloudy for most with occasional outbreaks of drizzle, mainly in the west, but some sunny spells are likely to develop in eastern parts of the UK. Breezy with rain in northern Scotland, elsewhere winds lighter than Sunday but feeling cooler.

Outlook for Tuesday and Wednesday:

Tuesday, rather cloudy and breezy with outbreaks of rain in the north. Some brighter spells in the south and east with only patchy rain. Wednesday, breezy with variable amounts of cloud allowing bright or sunny spells, especially in the east. Spells of rain will affect Scotland where there is a risk of gales.
