Here is the forecast for the United Kingdom for daytime tomorrow:
Scotland and N.Ireland will be very windy on Wednesday with a mixture of bright spells and blustery showers. Elsewhere will be largely cloudy with outbreaks of rain, moderate at times. Feeling humid across some southern parts of the UK, but fresh elsewhere.

Outlook for Thursday and Friday:
Scotland and N.Ireland will be rather windy with blustery showers on Thursday, whilst elsewhere should be largely dry with bright or sunny spells. Much of England should be fine on Friday, but cloud and rain will spread in from the southwest elsewhere. Warm for England and Wales, very warm in the southeast on Friday, otherwise temperatures around normal.
