Here is the forecast for the United Kingdom for daytime tomorrow:
Rain across central and eastern areas of the UK will slowly clear eastwards with sunshine and showers following. Some showers will be locally heavy with thunder possible, particularly in parts of the north. Temperatures will be near normal, but feel noticeably fresher in southeast. It will be breezy too.

Outlook for Sunday and Monday:
It will be staying unsettled over the UK throughout the period with a mixture of sunshine and showers, some possibly heavy with thunder, particularly in the northwest on Sunday. Showers will be generally less frequent on Monday, but a band of more persistent rain is likely to spread eastwards later.
