++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:  
Apart from a few light showers in the morning many places will have a dry but cloudy day. Winds will be mostly light and where the sunshine does come through it should feel quite pleasant. Outbreaks of rain and drizzle will push across Southwest England in the morning and Wales during the afternoon.

Outlook for Tuesday and Wednesday:

A wet day on Tuesday for Scotland and Northern England but clearing up elsewhere. Mostly dry on Wednesday but becoming windy with further outbreaks of rain or drizzle returning for Thursday. Very mild overnight and locally warm in the afternoon, where any sunshine breaks through.
