Here is the forecast for the United Kingdom for daytime tomorrow:
Cloudier with outbreaks of light rain spreading across Ireland, northern and western Scotland throughout the day. Elsewhere, much of England and Wales will be dry, with some sunshine. It will feel very warm and increasingly humid in the sunshine. Winds will be light.

Outlook for Friday and Saturday:

There will be some rain at times in the north and west on Friday, with sunshine elsewhere. Very warm and humid in the southeast, with thunderstorms. Dry, with sunny spells for many on Saturday. Feeling fresher than on Friday, although in the sunshine it should still feel quite pleasant.
