Here is the forecast for the United Kingdom for daytime tomorrow:  
It'll be a mostly dry and cloudy day, with a few showers across parts of southeast England and East Anglia. Elsewhere, it'll be mostly dry with bright or sunny spells, particularly in the north and west. It will feel cool under the cloud and showers. Dry with clear spells overnight and turning chilly in places.

Outlook for Sunday and Monday:  
The settled theme looks set to continue, with the best of any bright or sunny spells confined to the west of the British Isles. There will be some showers, particularly in the east. It will feel cool with a easterly breeze and chilly by night.
