Here is the forecast for the United Kingdom for daytime tomorrow:

A mixture of sunshine and showers across many southern and central parts of the UK tomorrow, some of the showers heavy with the risk of hail and thunder, but it will be less windy than today. Remaining cloudy and locally misty in parts of the east and the northeast with some rain.

Outlook for Monday and Tuesday:

It remains unsettled into the start of the new working week, with showers or bands of more persistent rain at times. However, there will be drier and brighter interludes at times, and the wind will be much lighter than this weekend.
