++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:  
Much of England and Wales will have a cloudy day, with sporadic light rain or drizzle slowly spreading westwards, and hill fog on high ground. Northwestern Wales and England will have a bright morning after any mist and fog clears, but it will steadily cloud over. Scotland and Northern Ireland will be dry and mostly sunny.

Outlook for Tuesday and Wednesday:

Tuesday will be cloudy in all areas bar the far north of Scotland. Some light rain is possible anywhere, and it will again be foggy on high ground. On Wednesday more persistent rain will move into the west, while the east may brighten.
