

Yellow warning
Wind

Between
09:00 Sun 23 Sep 2018 and
09:00 Mon 24 Sep 2018

Potential for another very windy spell across parts of the UK on Sunday and into early Monday.

What to expect

- There is a small chance of injuries and danger to life from flying debris
- There is a slight chance of some damage to buildings, such as tiles blown from roofs or through falling trees and branches
- There is a small chance of longer journey times or cancellations as road, rail, air and ferry services are affected
- There is a slight chance that power cuts may occur, with the potential to affect other services, such as mobile phone coverage
- There is a small chance that injuries and danger to life could occur from large waves and beach material being thrown onto sea fronts, coastal roads and properties

Issued at 11:01 Wed 19 Sep, 2018

--	---------------------------------------	--

Further details

During Sunday there is the potential for a deep area of low pressure to develop and track over the UK bringing a spell of very strong winds and heavy rain. At this stage developments are very uncertain but there is a small chance of disruptive winds developing with parts of England and Wales currently looking most at risk. Any strong winds should gradually clear eastwards early on Monday with more settled conditions looking likely to follow next week.
