Here is the forecast for the United Kingdom for daytime tomorrow:
Rather cloudy at first with some patchy rain in the west and a few sharp showers possible across the south, but soon brightening up and becoming breezy with sunny spells and scattered showers. Some of the showers heavy and thundery. Still very warm in the east, somewhat fresher elsewhere.

Outlook for Saturday and Sunday:
Breezy with sunny spells and scattered showers on Saturday, most frequent in the north and west with a risk of thunder. Driest and warmest in southern and eastern parts. Sunday, unsettled with sunny intervals and showers in the north, while rain spreads northeast across southwestern and central parts. Mainly dry elsewhere.
