Here is the forecast for the United Kingdom for daytime tomorrow:
England and Wales tomorrow will see a fine and dry day with some good spells of warm May sunshine. Scotland and Northern Ireland however will be on the cloudy side, with the risk of some showery rain in the far northwest.

Outlook for Friday and Saturday:

Friday should be largely dry with sunny spells for many parts, and feeling increasingly warm, especially in the south. Saturday will see spells of rain across Scotland, northern England and Northern Ireland. Elsewhere, will see another warm day with some sunshine, but the warmth may trigger some thundery showers by the end of the afternoon.
