

Further showers are likely through Christmas Eve, wintry on hills and over higher roads, but most showers clearing southwards overnight. Widespread ice then developing on untreated surfaces as winds ease and colder conditions follow the showers. The icy conditions will be very slow to thaw on Christmas Day but only a few wintry showers are then expected, mostly near coasts.

Valid from **19:00 on Wed, 24th Dec 2014** until **12:00 on Thu, 25th Dec 2014**
