

FPUK85 EGRR 080400
Forecast for the UK.
Issued by the Met Office
at 0400 on Sunday 8 October 2006

** Valid for Broadcasts Between 0600 and 1200 **

Headline:
Fine for most, wet tonight.

Today:
Many places dry and bright. More cloud at times further west, with more general cloud and rain arriving in the southwest later this afternoon- where it will become windy too.

Tonight:
Rain will spread across most parts but will clear from the west later, with winds easing too.

Outlook for Monday:
Showery rain in the southeast dying out then most places dry and bright.
