Here is the forecast for the United Kingdom for daytime tomorrow:
Many parts of the United Kingdom can expect a largely fine and very warm day, with a fair amount of hazy sunshine. Feeling somewhat fresher across southwest Britain and Northern Ireland, where there will be more in the way of cloud and a risk of showers. Often cloudy and cool around North Sea coastal areas of Scotland.

Outlook for Saturday and Sunday:
Generally fine, warm and summery over the weekend with pleasant spells of sunshine, though cloudy with outbreaks of rain across northeastern Scotland. An additional risk of localized thundery showers across central Britain later in the day on both Saturday and Sunday.
