++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:  
Sunday will start rather cloudy, but skies will gradually brighten leading to a day of sunny spells and showers for many. The showers will be most frequent and heaviest in the east, but for all it will feel much more pleasant than today.

Outlook for Monday and Tuesday:

Monday will see a band of rain reach many northern and western areas during the day, whereas the south and east will be drier with some spells of sunshine. Tuesday is likely to remain rather cloudy and damp across the northwest, but elsewhere will see increasingly bright and warm day.
