++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:  
It will be a foggy start for many though it should brighten slowly through the morning revealing some brighter spells, and it will feel pleasantly warm in the sunshine. Northern Ireland and Scotland will stay cloudier with some light rain for the western Isles, the best of the brightness here in the east.

Outlook for Saturday and Sunday:

This weekend will often be rather cloudy across the UK. Scotland and Northern Ireland will have some outbreaks of rain, these turning heavier through Sunday. England and Wales will stay largely dry but for all it will be breezier and generally feeling cooler.
