

Forecast For The United Kingdom
Issued by Met Office Exeter
at 1945 on Thursday 07 May 2015

++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:
It will be mostly dry at first tomorrow, but cloudy, wet and windy weather in the southwest will gradually spread northeastwards through the day. However, Scotland will remain brighter with just a few scattered showers. Temperatures will reach highs of 18 degrees Celsius (64 F).

Outlook for Saturday and Sunday:
Staying unsettled into the weekend with rain and showers on Saturday that will ease into the evening. Wet and windy in the northwest on Sunday but brighter and warmer elsewhere. Maximum temperatures will reach 18 or 19 degrees Celsius (64 or 66 F) but with stronger winds in the west it will feel cooler.
