

Forecast For The United Kingdom  
Issued by Met Office Exeter  
at 0700 on Thursday 07 Jul 2016

++ Valid for broadcast at 0858

Here is the forecast for the United Kingdom until dawn tomorrow:  
A brighter day for much of Scotland today, although windy with scattered, locally thundery showers here. Meanwhile, cloudy skies and outbreaks of drizzly rain across northern England and Wales but mostly dry elsewhere, with some sunny spells. Remaining wet and windy in the northwest tonight. Otherwise, mild and mostly cloudy overnight, with outbreaks of rain in the south and west.

Outlook for Friday and Saturday:

Patchy rain in the south tomorrow, this slowly easing during the day. Heavy showers in the north clearing to leave a brighter afternoon. Windy on Saturday with rain and showers, and sunny spells too, although feeling muggy in the south.
