

Forecast For The United Kingdom
Issued by Met Office Exeter
at 1945 on Sunday 02 Aug 2009

++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:
Eastern areas will be mostly dry with some pleasantly warm spells of sunshine, although a few showers are possible here during the afternoon. Generally cloudy over western and northwestern areas with further outbreaks of rain or showers at times, this becoming more persistent and heavier later over exposed coasts and hills with strengthening southerly winds.

Outlook for Tuesday and Wednesday:

It will be windy on Tuesday with rain, this heavy at times as it spreads eastwards. many areas will be drier and brighter on Wednesday, although with some further rain in the far southeast, and showers across Scotland and Northern Ireland.
