

Forecast For The United Kingdom
Issued by Met Office Exeter
at 0700 on Tuesday 22 Dec 2009

++ Valid for broadcast at 0858

Here is the forecast for the United Kingdom until dawn tomorrow:
Further snow showers are likely during the day for Western Scotland, Northern Ireland and Northern England. Cloud with some sleet and snow will clear East Anglia and Southeast England this morning. Elsewhere it should be dry, cold and sunny. Overnight further snow showers in the north and a widespread frost.

Outlook for Wednesday and Thursday:
Staying cold everywhere on Wednesday with showers across Southern England becoming heavy and spreading north and east overnight with snow. Some snow showers for Scotland, Northern Ireland and Northern England on Thursday and a few wintry showers elsewhere. Dry and cold inland with overnight frost.
