

FPUK86 EGRR 010630
Forecast for the UK.
Issued by the Met Office
at 0700 on Thursday 1 June 2006

** Valid for Broadcast at 0858 **

Here is the forecast for the United Kingdom until dawn tomorrow :
Mostly dry with some warm sunshine today. However, western Scotland and eastern England will be rather cloudy with some light rain. Northern England and eastern Scotland will be rather cloudy at first, but will gradually brighten up.
Generally dry with some late sunshine this evening, then clear spells overnight. Eastern England and western Scotland will be mostly cloudy, with some mist and light rain.

Outlook for Friday and Saturday:
Largely dry with sunny spells and light winds on Friday and Saturday. However, western Scotland will be cloudy and damp on Friday, with light rain across northern and central Scotland on Saturday. Warm, locally very warm.
