

Forecast For The United Kingdom
Issued by Met Office Exeter
at 0700 on Thursday 09 Nov 2017

++ Valid for broadcast at 0858

Here is the forecast for the United Kingdom until dawn tomorrow:
A cloudy morning across the south of the UK with patchy light rain. Cloud and rain clearing southeastwards giving a sunnier afternoon. Drier, brighter elsewhere, but showers and strong winds across northern Scotland. Feeling milder in the south. A mostly dry evening but some cloud and rain overnight.

Outlook for Friday and Saturday:

Friday will be cloudy across England and Wales, but this will clear to give a drier, brighter afternoon. It'll be windy in the northwest with sunshine and blustery showers. On Saturday, rain and cloud clear the south of the UK. Sunshine and blustery showers continuing in the north. Feeling colder.
