

Forecast For The United Kingdom
Issued by Met Office Exeter
at 0700 on Wednesday 03 Aug 2016

++ Valid for broadcast at 0858

Here is the forecast for the United Kingdom until dawn tomorrow:
Today, showers or longer spells of rain will spread across Scotland and Northern Ireland. Meanwhile it be drier, warmer and much brighter in the south and east, but it will be breezy, with strong winds for England and Wales. Staying mild overnight, although unsettled across the north and mostly dry in the south with some clear spells.

Outlook for Thursday and Friday:

Thursday will see a mixture of sunshine and showers across the UK, these locally heavy and thundery. It will be less windy than Wednesday and feel warm in the sunshine, before it turns drier and brighter for all on Friday with lighter winds.
