Here is the forecast for the United Kingdom for daytime tomorrow :
Much of England and Wales will be dry with some sunshine, although areas of dense fog will linger in some places. Over northern areas it will be cloudy, some patchy rain spreading from the northwest. In northern Scotland, soon becoming brighter with some sunshine, but a few showers in the north. Mild in the north, but cold in any fog in the south.

Outlook for Saturday and Sunday:

A bright, sunny start for many on Saturday, but cloud and rain will spread to Scotland. Many areas fine on Sunday, although always cloudier in the southwest and west with some patchy rain. Mostly mild.
