DEFRA (Ref: MO43) For Weather Forecast Planning Issued on Saturday, 25 June 2022 at 05:45 Local time

**Air Quality Forecast for the UK**

Issued by the Met Office

Today: Pockets of Moderate air pollution levels are possible across parts of Scotland today. Air pollution levels will be Low across the rest of the UK, with cooler and showery conditions.

Tomorrow: Air pollution levels will be Low across the whole of the UK on Sunday, with unseasonably windy conditions in the north and west.

Outlook: Air pollution levels are expected to be predominately Low across the UK. However, pockets of Moderate air pollution levels are likely in the south by midweek.
