DEFRA (Ref: MO43) For Weather Forecast Planning Issued on Saturday, 19 December 2020 at 05:31 local time

Air Quality Forecast for the UK

Issued by the Met Office

Today: Breezy and showery conditions will cover the UK today, bringing in clean Atlantic air and helping to maintain Low air pollution levels for all areas.

Tomorrow: As breezy and showery conditions persist across the UK through Sunday, so will the Low levels of air pollution.

Outlook: Rain at times on Monday across the UK, followed by increasingly colder but generally dry conditions. Low levels of air pollution are expected to continue.
