++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:  
Rain will extend westwards across many southern areas, turning heavy at times, with a brisk, cold northeasterly wind. Dry, sunny and warm for much of Scotland and Northern Ireland, but cloudier near eastern Scottish coasts. Central parts, mainly dry and breezy with some sunny spells.

Outlook for Monday and Tuesday:  
Rather unsettled with showers or spells of rain which may be heavy at times, but also some bright or sunny spells. The best of any dry, bright weather across northwestern Scotland. Rather warm in any sunshine, but cool and cloudy on eastern coasts where there may be some drizzle at times.
