

FPUK85 EGRR 010400
Forecast for the UK.
Issued by the Met Office
at 0400 on Tuesday 1 November 2005

** Valid for Broadcasts Between 0600 and 1200 **

Headline:

Scattered showers today. Wet and windy weather spreading northeast tonight.

Today:

Scattered showers, especially eastern and southeastern parts this morning, also near coasts in the south and west. Showers dying this afternoon but wet and windy weather reaching the southwest later.

Tonight:

Rain spreading northeast across all but northern Scotland. Clearer conditions following across Wales and southern England later.

Outlook for Wednesday:

Rain clearing the north and east then sunny spells and occasional blustery showers.
