

Forecast For The United Kingdom
Issued by Met Office Exeter
at 1945 on Sunday 04 Apr 2010

++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:
Most areas will have rain to start, tending to be heaviest in western Scotland and parts of Northern Ireland, while southern England will have a few light showers. The afternoon will be drier with sunny spells developing for all except northern Scotland. It will be windy in western areas all day.

Outlook for Tuesday and Wednesday:

On Tuesday Northern Ireland, Scotland and north Wales will have heavy rain, while southern and eastern England will be dry with some sunshine. Wednesday will see early rain clear, with sunshine and some showers later. Tuesday will be windy, but Wednesday less so.
