

Forecast For The United Kingdom  
Issued by Met Office Exeter  
at 1945 on Sunday 06 Aug 2017

++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:  
Much of southern England and south Wales will be rather cloudy with the chance of some rain, although southeast England should hold on to some sunshine. Elsewhere, a day of sunshine and showers is expected. Some of the showers are likely to be heavy across Scotland and Northern Ireland. It will be cool everywhere.

Outlook for Tuesday and Wednesday:  
England and Wales will be unsettled with showers or longer spells of rain, some heavy. A cool and strengthening northerly wind will also develop. Scotland and Northern Ireland will have sunshine and showers on Tuesday, although the weather should begin to settle down here on Wednesday.
