++ Valid for broadcast at 2159

Here is the forecast for the United Kingdom for daytime tomorrow:
There will be blustery wintry showers, with thunder and hail in the northwest,
and snow across hills which drifts in westerly gales. It will be drier and
brighter with some sunshine and less strong winds in the southeast.

Outlook for Thursday and Friday:

On Thursday it will remain very windy with wintry showers, these mainly in the
northwest. There will then be some more widespread rain later on, and with some
snow in north, this will then clear to the east on Friday. Showers will then
spread across the UK, and will become wintry to increasingly lower levels
through the day.
