Here is the forecast for the United Kingdom for daytime tomorrow :
Cloud and patchy rain across southern Britain will clear away, with bright or sunny spells across Scotland and Northern Ireland spreading to most parts by evening. Cloud will increase across northern Scotland to give patchy light rain in the afternoon.

Outlook for Thursday and Friday:

Thursday, Cloud and patchy rain across Scotland and Northern Ireland will spread slowly south, although many southern parts of Britain have a dry day with some sunshine. Sunshine and showers will develop in the north as the rain clears.

On Friday, any rain in the south will soon clear then all parts will have sunny spells. Scattered showers in the north.
