

FPUK85 EGRR 031000
Forecast for the UK.
Issued by the Met Office
at 1000 on Saturday 3 December 2005

** Valid for Broadcasts Between 1200 and 1800 **

Headline:

Some sunshine with occasional showers, patchy frost and fog tonight.

Today:

A little sunshine but often cloudy with occasionally heavy showers.
Some more persistent rain at times over northeastern regions.

Tonight:

Showers with some longer spells of rain continuing across the north
and around southern and western coasts. Clear spells inland with
patchy frost and fog forming.

Outlook for Sunday:

Scattered heavy showers across northern and western areas, more in
the way of sunshine elsewhere.
